Donald Trump:"Russell and I have been friends for over twenty years and he's always been kind enough to call me a mentor and an inspiration. But I'd be lying if I didn't say that I've learned so much from Russell over the years as well. That's why I encourage you to open up not only your eyes, but your heart as well, and really let the messages in this book sink in.

I believe that if you can even absorb just a small portion of the laws Russell shares in this book, it won't be long before you'll find the success you've always been after!"
